SURGEON STIRS CHICAGO WITH A NEW CRIME

Gasses Man and Removes
Gland, Presumably to
Use in Experiment.

SURGEONS AID POLICE

Will Try to Run Down Per-
petrator of Crime New
to Police Annals.

(By the Associated Press)
CHICAGO, Oct. 14.—Aroused
over the unique but dangerous
crime, the Chicago medical profes-
sion today volunteered to aid police
in bringing to punishment the ex-
pert surgeon believed to have per-
petrated in the first human gland
removal in history.

On a hospital cot lay the victim of
the robber's operation, Joseph Woz-
niak, 34, a world war veteran, who
came to Chicago recently with his
young wife from Forestville, Wis.

Surgeons said that the expert
work with which the operation was
performed and the cleverness in
stitching the wound indicated clearly
that Wozniak was not mutilated for
revenge.

With the man's story, police and
examining surgeons agreed that the
vital gland taken from Wozniak as
he lay helpless under the effects of
gas, was stolen for an experiment
in gland transplantation, perhaps
for the purpose of rejuvenating
some infirm or aged man, the pa-
tient of some unknown Chicago
surgeon.

In slight danger of further suf-
fering from infection because of the
neatness of the operation, Wozniak
easily related all he remembered
of his experience.

He said he talked of the world
war with a stranger he had met and
was on his way home from a
neighborhood saloon when four men
leaped on him and threw a bag over
his head, and placed him in an au-
tomobile. He regained consciousness
under a viaduct, he said, and stag-
gered home, summoning Dr. A.
Sampolinski, whose examination re-
vealed for the first time the full
significance of his experience.

Dr. A. M. McKechnie, president of
the Chicago medical society today
had pledged the membership of his
organization to aid in running down
the surgeon believed to be guilty
of the criminal operation.

Medical men here recalled the ex-
perience of "burking" practiced in
Edinburgh, Scotland, in the early
part of the 19th century when citi-
zens were strangled to make them
subject to dissecting tables. The crime
derives its name from its practition-
er, William Burke.

MAINTENANCE OF WAY MEN GIVEN 2 CENT INCREASE

(By the Associated Press)
CHICAGO, Oct. 14.—The railroad
labor board has granted a two cent
an hour increase to 451,911 mem-
bers of the United Brotherhood of
Maintenance of Way employees and
railroad shop workers. The increase
will affect more of the nine grades
of maintenance men as classified by
the board's decision of July 1 last.

LIQUOR ORDER TO FOREIGN VESSELS HELD UP FOR WEEK

(By the Associated Press)
WASHINGTON, Oct. 14.—Ap-
plication of attorney general
Daugherty's liquor transportation
ruling to foreign vessels
leaving their home ports and Ameri-
can vessels leaving foreign ports,
which was to become effective to-
day, was extended one week or un-
til October 21, by order of Prohibi-
tion Commissioner Haynes, to-
day after a visit to the white
house.

DAUGHERTY'S RULING NOT EFFECTIVE AT PRESENT

(By the Associated Press)
WASHINGTON, Oct. 14.—The
effective date of the application of
Attorney General Daugherty's liquor
ruling to foreign ships has been ex-
tended from today until October 21,
Prohibition Commissioner Haynes an-
nounced today after a call at the
white house.

JAPAN LOSING ECONOMIC SUPREMACY IN MANCHURIA

TOKIO, Oct. 14.—In the serious
vortex of competition which is be-
ginning to be started in Manchuria
and Mongolia among Japan, Russia
and the United States, the Japanese
government's old policy of maintain-
ing economic supremacy in these
provinces gradually is being lost,
according to a political critic in close
touch with the official quarters,
writing in the Nichi Nichi.

Veterans of Many Nations Take Part In This Convention

(By the Associated Press)
NEW ORLEANS, Oct. 14.—Dele-
gates of seven European nations and
the United States opened the con-
vention of the Inter-Allied Veterans
federation here today.

Presiding over the grouping which
includes representatives of countries
from the Balkans to America who
have come here as guests of the
American Legion and to participate
in the Legion's national convention
next week following the adjourn-
ment of their own convention, was
Charles Bertrand of France. M.
Bertrand is a member of the
French Chamber of Deputies and is
president of the Inter-Allied Veter-
ans Federation.

ENGLAND FACES A NEW CRISIS

Much Depends on Attitude
of Lloyd George in
Next Address.

(By the Associated Press)
LONDON, Oct. 14.—England's
political crisis approached a climax
today with all attention on Man-
chester awaiting Prime Minister
Lloyd George's announcement of his
intention.

Superficially it is merely a speech
before the National Reform club
with guests limited to 300. Actual-
ly it will be an address to the en-
tire nation, for Prime Minister
Lloyd George's utterances will be
broadcasted with all possible haste
by more than 40 paper and press
association correspondents.

Lloyd George himself in an im-
promptu talk from his train during
a halt at Epsom on Trent, on the
way to Manchester, told the enthu-
siastic crowd at the station:

"I am going straight to the Brit-
ish public to appeal for fair play."

Austin Chamberlain's address of
yesterday and the editorial comment
thereon filled many columns in this
morning's papers. The point most
discussed are the probable effects
it will have on the ranks of the
conservative party and the ques-
tion of alleged inevitableness of
some form of coalition in the next
parliament and conservative lead-
ers reference to labor.

Labor Will Contest.

LONDON, Oct. 14.—Calls to la-
bor to enter its entire efforts on
winning the coming election fight is
featured on the front page of the
party organ, the Herald today.

"A general election is eminent,"
says the article. "The flowing tide
is with labor and if it is taken by
the men and women working
throughout the country, it will lead
to a great election triumph."

The newspaper says 400 seats in
parliament will be contested by la-
borites.

Speech a Disappointment

MANCHESTER, Eng., Oct. 14.—
Prime minister Lloyd George's
speech to the liberals of the Man-
chester Reform club this afternoon
expected to be a historical utterance
was a disappointment because
the premier gave no intimation re-
garding his plans or his program.

In this respect his oration was simi-
lar to that of Austin Chamberlain
at Birmingham yesterday.

Of his addresses one hour and
twenty minutes, Mr. Lloyd
George devoted an hour to a de-
fense of his near east policy and
ridicule of his critics.

In a brilliant peroration recalling
his services to the nation, he said:
"I cast myself on the people be-
cause I have never betrayed them."

NATIONAL SPIRITUALISTS WILL MEET AT CHICAGO

(By the Associated Press)
CHICAGO, Oct. 14.—The thir-
teenth annual convention of the Na-
tional Spiritualists association will be
held here October 17 to 21. Head-
quarters will be maintained in the
Auditorium hotel and evening ses-
sions will be held in the Ashland
auditorium.

Among the speakers to appear on
the program are H. W. B. Myrick,
of Gentryville, Mo.; Thomas Grim-
shaw, Detroit; Mrs. Elizabeth H.
Goetz, Philadelphia; H. W. Ham-
mond, Columbus, Ohio, and Dr. B.
F. Austin, Los Angeles.

The message mediums scheduled
to attend are John Slater of Oak-
land, Calif.; Mrs. Maggie Waite and
Otto Von Bourg of Chicago and Mrs.
Inez Wagner of Los Angeles. Enter-
tainment of the visitors will be in
the hands of the Illinois State Spir-
itualist association.

ARRESTED ON CHARGE OF MURDERING HIS WIFE

GALVESTON, Oct. 14.—Grover
L. Williams was taken into custody
by the police this morning in con-
nection with the fatal shooting of
his wife, Mrs. Muriel Lee Williams.
The man was arrested on Market
street.

FOR MUTINY ON THE HIGH SEAS

INQUIRING INTO CAPTAIN'S ACTS

Captain of Rescue Ship
Asked to Explain Several
Details of Movements.

LOS ANGELES, Oct. 14.—Captain
H. M. Walk, master of the ship-
ping board freighter West Farolan,
will be asked to explain several
points of his conduct during the
rescue of the passengers and crew of
the burned City of Honolulu ac-
cording to a dispatch received at
the Los Angeles office of the
board here from James Sheedy,
vice-president of the board at Wash-
ington, D. C., the Los Angeles
Times states in a story published to-
day.

Radiograms have been sent to
Captain Walk asking him to ex-
plain why he did not report his
position immediately upon receiv-
ing the first S. O. S. from the City
of Honolulu, the Times states.

Will Land at Los Angeles.
WASHINGTON, Oct. 14.—The
army transport Thomas was ordered
today by Secretary Weeks to pro-
ceed to Los Angeles instead of San
Francisco to land the passengers
rescued from the burned liner City
of Honolulu.

Track Meet Staged By Okemah In Its Henryetta Game

OKEMAH, Okla., Oct. 14.—(Spe-
cial)—Henryetta high school "blew
up" here Friday afternoon and the
Okemah football team staged a
track meet, winning 41 to 0 in a
fast game.

Both teams fought to the last,
however, and despite the one-sided
score, it was full of sensations and
thrills. E. Huser, P. Garrison, C.
McMahon and H. Huser were the
stars of the Okemah team. The en-
tire visiting team played fair ball,
but could not stop the terrific of-
fensive launched by the homeboys.

Okemah line held well and the
backs plunged for long gains
through the Henryetta line. Almost
the entire game was played within
Henryetta territory. Visitors rallied
several times and threatened to
score when their aerial attack was
partly successful. This makes two
won and one lost for Okemah this
year. Oliver Vernon, a former stu-
dent of the college here, is the
Okemah coach.

PONTOTOC DEMOCRATS OPEN HEADQUARTERS

The county democratic organi-
zation has secured a room over the
First National bank which will be
used as campaign headquarters. A
stenographer will be in charge at all
times and the general business of
the campaign committee will be
transacted here.

Irving School Notes

Irving School Notes.
Mrs. Jessie Bagley, the Music
and Art Teacher, was ill last Mon-
day and had to miss school. We
were very fortunate in getting Mrs.
Ruby Land to substitute in her
place. Mrs. Bagley was back at her
work Tuesday and has been improv-
ing rapidly since.

The high school freshmen brought
over a mixed foot ball team last
Wednesday and played our boys a
"peppy" game of football. The final
score was 26 to 6 in Irving's favor.

Our boys have plenty of speed,
science and avoirdupois to enter-
tain the best of teams in their
class. They have played several
games and have had only two
touchdown scored against them. The
names of this plucky team are as
follows: C. Chester Sneed, R. G.;
Ollie Butler, L. G.; Rogers Hamp-
ton, R. T.; J. D. Dags, L. T.; Earl
Thompson, R. E.; Marlin Baker, L.
E.; Bonnie Fry, Q. B.; Lester Heard,
R. H.; J. D. Barringer, L. H.; Paul
Hodges, and F. B. Newton Wall.
These boys are not noted only for
their football work but are some
of Irving's best workers in the class
room.

Our football boys played the
Washington school's first team on
the Washington field Friday. This
was one of the most peppy games
of the season. The final score was
42 to 6 in Irving's favor. At the
beginning of the game Irving's goat
was found in the possession of the
Washington pep bunch, but at the
close of the game the goat could not
be found. This is a fine little goat
and we feel that he should be
brought home where he can and
will be properly cared for. We hope
that those who see him will treat
him kindly, he has a pure white
card board astride his back with
Irving's Goat printed in big red
letters on either side. He knows
Rule *XI, Sec. 7, ask him. This
is the goat that Irving has had for
four long years and no one has ever
legally gotten him from us.

Our spelling team went to Glen-
wood last Thursday and joined the
Glenwood spellers in a contest. The
contest ran for two and one-half
hours and ended in a tie. We hope
to meet Glenwood again in the near
future and settle this tie.

We have one of the "Livest Mothers
and Teachers Club" known.
They will meet next Friday at the
Irving school, everybody is invited.
A splendid program will be rendered
at this time.

Fighting Breaks Out Again at Fiume Reported at Rome

(By the Associated Press)
LONDON, Oct. 14.—Fighting has
broke out between D'Annunzio leg-
ionnaires and the Zanella forces in
Fiume, says a Rome message to the
Central News today. An Ancona
message states that Italian destroy-
ers have been dispatched to prevent
the departure of Fascist forces
from Sara for Fiume.

PONTOTOC COUNTY TEACHERS MEET

Interesting Program and
Election of Officers for
Year Carried Out

The annual session of the Pon-
totoc County Teachers Association was
held in the auditorium of the Teach-
er's College today. It was the origi-
nal plan to hold two sessions and
quite a large number of teachers
gathered last evening for the open-
ing session when the motion was of-
fered and carried to adjourn to the
McSwain theatre to hear the address
of the Hon. John Fields, Republican
candidate for governor.

The session was resumed this
morning at 9 o'clock and the entire
program carried out. Superintendent
Floyd reports a very excellent pro-
gram and a keen interest manifested
by the teachers of the county. He es-
timates that over 75 per cent of
the teachers of the county were in
attendance. This is an excellent
showing in view of the fact that
the date was moved up a week in
order not to conflict with dates set
for other educational conferences.

At the business session the fol-
lowing officers were elected for the
ensuing year: William A. Morgan,
Supt. of Latta Consolidated school,
president; Guy Griffith, Owl Creek,
vice-president; Miss Elizabeth Neal,
Principal of Allen high school, sec-
retary treasurer. The appointment
of the executive committee was left
to the president of the association.
Their names and the plans for the
coming year will be announced
later.

O. U. 7—Central O.
NORMAN, Okla., Oct. 14.—(Spe-
cial)—The University of Oklahoma
had 7 points to Central Teacher
College 0 at the end of the first
half of the game here this after-
noon. The Freshmen of the Univer-
sity were staging a demonstration
between the halves.

Rathnau Murder Accessories Get Prison Sentences

(By the Associated Press)
LEIPZIG, Germany, Oct. 14.—
Sentences up to 15 years penal ser-
vitude were imposed today on the
men who have been on trial in the
courts here on the charge of com-
plicity in the murder of Walter
Rathenau, late foreign minister.
Ernest Techow, who drove the mur-
derer's car, received the maximum
penalty, while his brother, Hans
Techow, was sentenced to four
years as an accessory.

The F. W. Morgan cotton gin at
Stratford was burned Wednesday.
Besides the gin considerable cotton,
cotton seed and corn were destroy-
ed.

OFFICERS SEEK DYNAMITE FIENDS

Investigating the Explosion
That Wrecked Bristow
Hotel.

(By the Associated Press)
BRISTOW, Oct. 14.—Officers
were trying to establish a motive
today for the dynamiting of the Illi-
nois Hotel, here last night which
caused the death of Nick Redwind,
an oil field worker, and injury to
a dozen others.

Those injured most seriously were
Florence Jones and H. E. Farrell.
A large charge of dynamite was
exploded under the rear of the ho-
tel, a small frame structure, about
midnight. The building was level-
ed.

Persons who rushed to the scene
immediately extracted the injured
from the wreckage. The fact that
flames did not break out after the
blast probably saved several from
death. Redwind was dead when res-
cuers reached him.

JOHN FIELDS AND OTHERS SPOKE TO VOTERS OF ADA

The Republicans had their in-
ning at Ada Friday evening when
John Fields, nominee for governor,
Irving Page, nominee for treasurer,
Pat Molloy, nominee for corporation
commissioner, and J. C. Pringle, can-
didate to succeed himself in con-
gress, appeared and addressed a well
filled house at the McSwain theatre
in the interest of their candidacy.

Fields was given most of the
time, the others speaking briefly
before Fields was introduced. Fields
declared at the outset that Walton
is a man who sticks to his crowd,
hence it is certain that he will ad-
here to the Shawnee platform, if el-
ected. He then devoted most of his
time to criticisms of various planks
in the platform, detailing the origin
and working of the non-partisan
league in North Dakota and declar-
ing that the movement in Oklahoma
is the same thing under a new name.

Fields is particularly bitter
against the proposed state bank
through which all the public funds
will be handled; is also opposed to
the state owned warehouses and
mill plan and declared that to fully
carry out the plank to abolish it,
entry would cost not less than
\$360,000,000 a sum absolutely pro-
hibitive. He declared that if the
demand for an exemption of \$1,000
of the property from taxation on
small tax payers for their support.

He also declared that the school
land department has shown rank
favoritism in the matter of making
loans on land.

From here the party went
to Sulphur, accompanied by several
members of the party from Pon-
totoc county.

GOVERNMENT GINNING REPORT FOR SEPT. 25

According to the government gin-
ning report for September 25, Pon-
totoc county had ginned 2,735 bales
at that date as compared with 614
the same date of 1921.

Bryan county, which was hard hit
by the weevils in 1921, reported 4-
973 bales ginned up to September
25 as compared with 884 the year
previous. McCurtain county reported
7,722 as compared with 2,663 the
same date of 1921.

ARMY AVIATOR MAKES 180 MILES PER HOUR

(By the Associated Press)
MT. CLEMENS, Oct. 14.—Lieut.
E. H. Barksdale of the army air
service, broke the world's record for
speed over a 200 kilometer course
here this afternoon when he aver-
aged 180.8 miles an hour during
four laps of the Pulitzer trophy
race.

GREEKS ACCEPT TERMS OF TURKISH ARMISTICE

CONSTANTINOPLE, Oct. 14.—
The formal acceptance by the Greeks
of the Mudania armistice agreement
will be transmitted to all signatures
this afternoon, by George Simopo-
ules, the Greek high commissioner
in Constantinople.

SIXTEEN ROADS ENTER NEW PACT WITH SHOPMEN

Men Agree Not to Strike.
Roads Will Not Enter
Into Litigation.

NEW UNION FORMED.

Both Sides to Abide by Rail-
road Labor Board
Decisions.

(By the Associated Press)
CHICAGO, Oct. 14.—Sixteen rail-
roads have completed agreements
with new organizations of their
shopmen by which in effect the men
waive the right to strike and the
companies pledge themselves not
to litigate. Both parties agreed to
abide by the decisions of the rail-
road labor board, it became known
today. Notice of completion of the
agreement has been filed with the
labor board.

The mileage represented by the
sixteen roads which include such
large systems as the New York,
New Haven and Hartford, Lehigh
Valley, Central of C or
Burlington and Quince, Southern
Pacific and Union Pacific, is
\$55,916.

In addition to these roads, num-
erous others are negotiating agree-
ments with associations of their own
employees.

Huston Sees Closer Business Relations With the Japanese

(By the Associated Press)
TOKIO, Oct. 14.—C. H. Huston,
assistant secretary of commerce, who
is making a world tour on the U.
S. S. Mojave in the interest of
American trade, in discussing his
visit to Japan said:
"Any opinion I might express on
Japanese affairs and conditions must
be more or less premised upon im-
pressions hurriedly obtained. Some-
times, however, are patent on their
face."

"The Washington conference re-
acted favorably upon the Japanese
people at large and it has paved
the way for a more cordial com-
mercial relation. Business men in
both countries have been responsi-
ble for misunderstandings in the
past."

"Trade balances have been run-
ning against Japan for many months
and the best informed are not hope-
ful that an early change for the
better is likely. This means that
her purchasing power in the United
States cannot be materially increas-
ed and may have to be curtailed."

"Other countries are making
painstaking efforts to equinate the
Japanese industries with the tech-
nical machinery and labor saving
devices they have to sell. I have found
some of our people here abreast
of the times but more business
could be done if our people gave
more study to conditions. The world
war has impressed Japan that na-
tions are not entirely self-contained
and that Japan should take advan-
tage of present conditions and join
hands with America on a permanent
friendly and mutually advantageous
basis."

"Japan's factories are handicap-
ped by practices and customs
brought down from the feudal era,
and with some less efficiency than
is found in America. I see no im-
minent danger of our plants suf-
fering from Japanese competition,
although this in no way suggests
that I have found the manufactur-
ers either inefficient or unprogress-
ive."

"They are keenly aware of the
fact that some business has been
lost because their factory products
were inferior and again many of
their prices, especially on luxuries,
have been too high to appeal to
our consuming trade."

"There seems to be a determined
move on foot to get in line with
other commercial nations. Every-
where the people are courteous, keen
and diplomatic."

ROBBERS GET \$5,000 CASH FROM NORTH DAKOTA BANK

ROSELINN, N. D., Oct. 14.—
Approximately \$5,000 in currency
and grain checks totalling \$3,000
were stolen from the Roselinn State
Bank by burglars who wrecked the
large safe in the bank early today
according to W. G. Johnson, gen-
t.

FIRE BREAKS OUT IN COLORADO FOREST

PUEBLO, Colo., Oct. 14.—A
forest fire of huge proportion is
raging in Durango national forest
near Mancos, Colo., according to a
telegram received here late last night.
More than seven hundred acres
of forest are reported in flames and
forest rangers are calling for help.

A GOOD SELECTION

In our opinion the directors of the Chamber of Commerce made a wise selection when they chose Ralph Waner for secretary. Ralph has all the qualifications for an efficient secretary though he has never held a similar position. He is young, aggressive, progressive, ambitious and has good mixing qualities. We believe he will do much to put life into the city and bring in new industries.

The Chamber of Commerce, we are informed, is getting in a better position financially. Reports are that it will soon be in position where money can be spent on getting improvements for the city and for the county. In this work we believe no better leader could be procured than Ralph Waner.

The next thing on the program, as we understand it, is getting a bridge across the river at Byng. Of course, there are several things to be taken up incidentally from time to time. At this time, for an example, a company is looking for shale from which to manufacture a superior grade of face brick. This company will build the brick plant near Ada if the shale can be found here. Now that the Chamber has a secretary to look after such things doubtless results can be looked for before a great while.

We urge every person to get behind the Chamber of Commerce more strongly than ever before. By so doing it will make possible the building of a city here of not less than 25,000 within a decade.

The cotton crop of the year will undoubtedly be much shorter than the average and there is every reason why the prices should advance, but we have seen it do too many unexpected things to advise any one to hold his crop for better figures. Exports picked up last month and if conditions in Turkey settle down and it becomes certain that there will be no war, they should pick up still more, or at least that is what might be normally expected. However, the present price is so much better than the average that it is enabling the growers to pay a lot of debts with very few bales of cotton. It looks very promising for next year, however.

It is estimated that from \$15,000,000 to \$20,000,000 annually is gathered in by professional street beggars. A story in a current magazine by a man who has spent years studying this problem declares that the best members of the profession can easily take in from \$10 to \$100 per day, hence they have no desire to work. The only solution he sees is for the public to stop its practice of indiscriminate giving. It is hard to estimate how many millions the panhandlers get out of sympathetic Americans every year. The unemployment problem has no terrors for them.

Lloyd George is now the subject of severe criticism in England. But that is nothing for the English leader. Like some American public men, Lloyd George has been politically buried, forecasts only counting, many times in recent years. Our guess is that when the shown down comes, the staunch little Welchman will be found on top and going strong.

New England can no longer boast of her sturdy Puritan stock. Some sixty percent of the present population is foreign born and the native American is a hopeless minority. The ideals of Adams and Hancock will have little place in New England life in another generation at the present rate. It has reached the point where one must go south and west to find the native American stock.

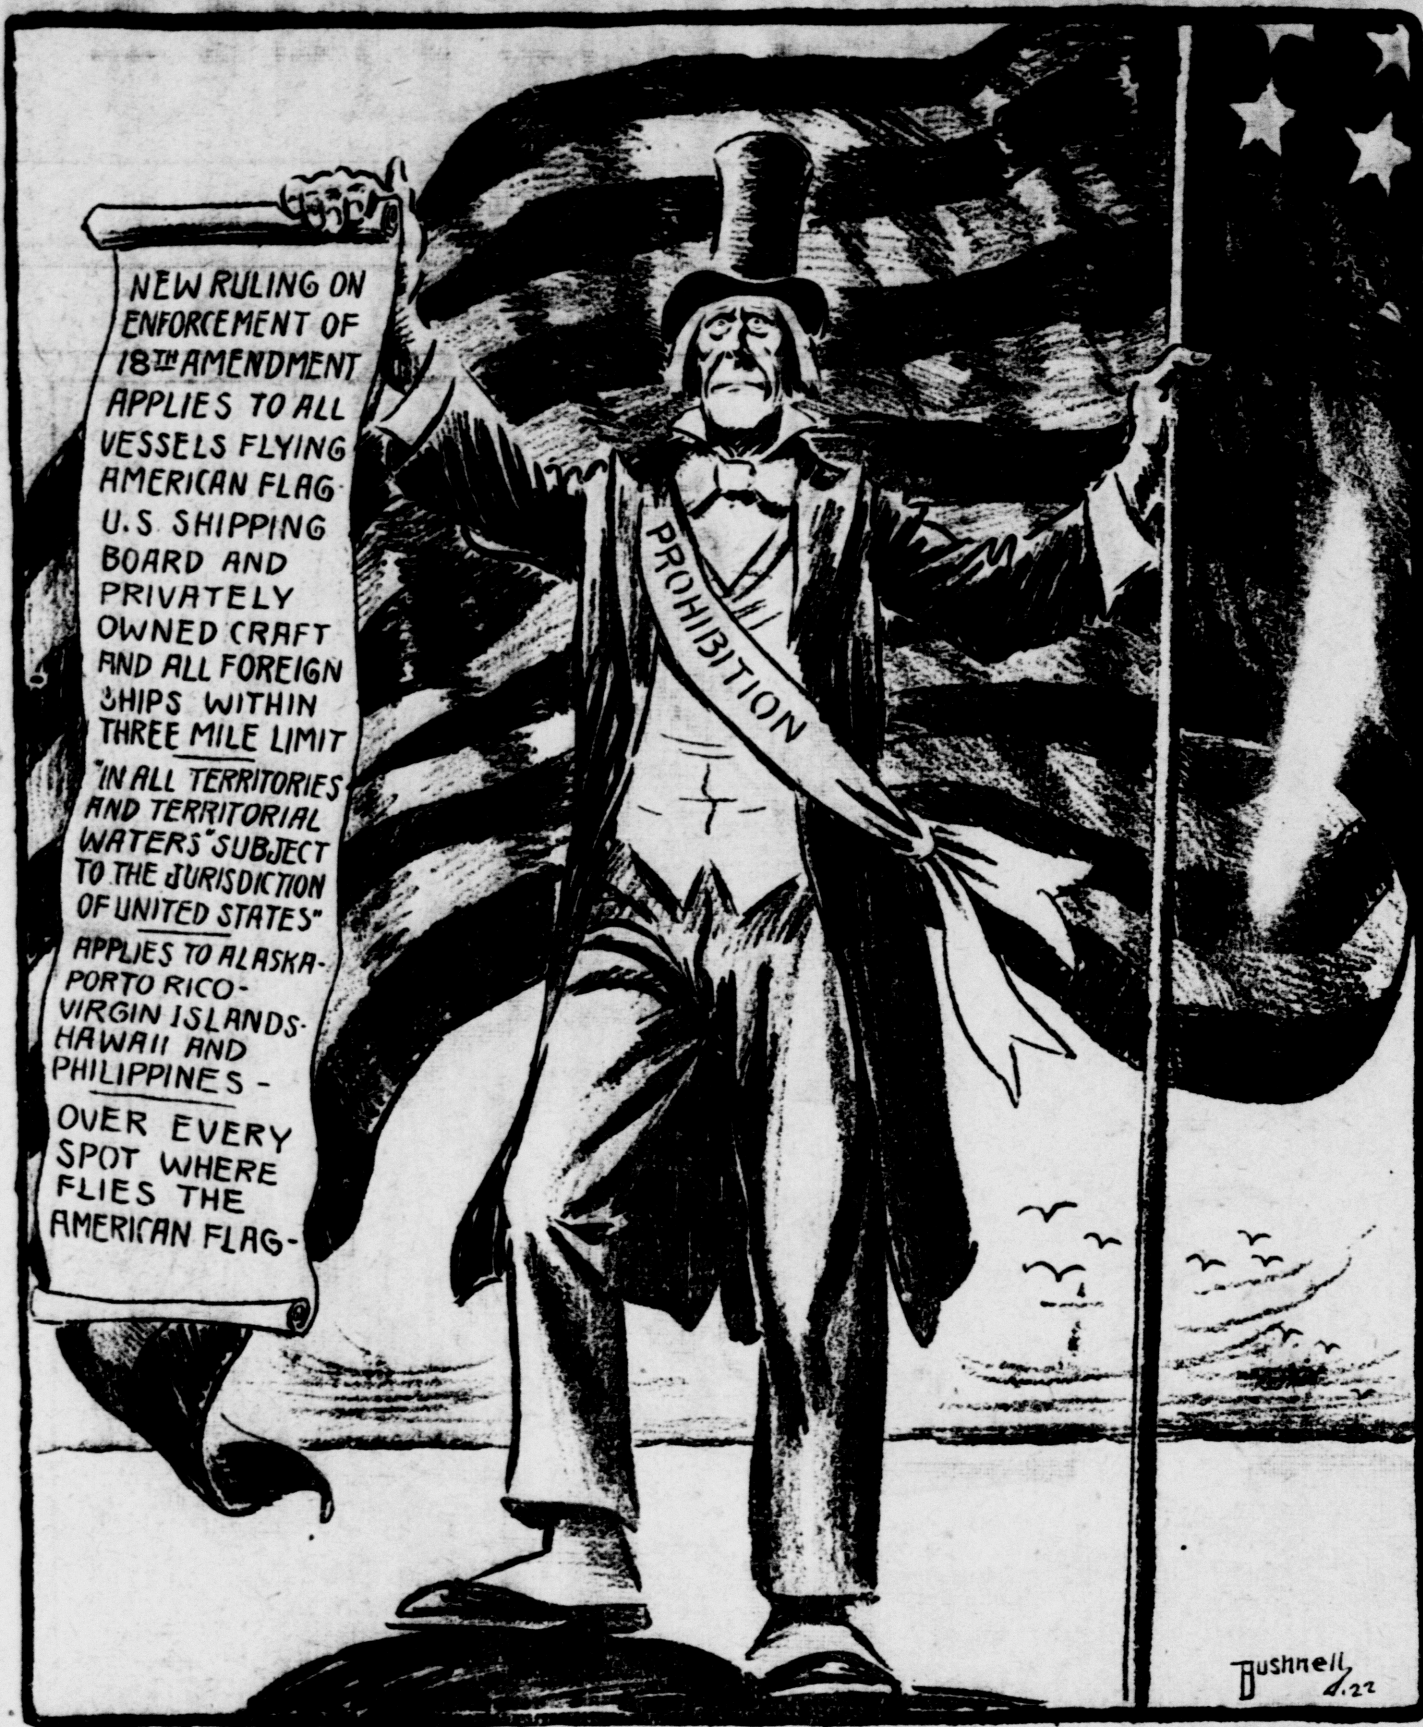

And now comes a report from Washington that both political parties are hard up and not able to go as far as they would like to in the congressional election. The report says that various sources of contributions heretofore considered certain, have dried completely up, the people apparently indifferent about how the election goes.

The corn crop, according to the last report of the Department of Agriculture, is not as large as forecasts put it. With more than twenty-one million bushels drop in the size of the crop, it appears that the price will be high another year. We are not advising farmers to hold corn for higher prices, but indications are it will be much higher next spring and summer.

The plodding student may find comfort in the reflection that it is the plodder who generally wins out in the end. The flashy mind does not have the enduring qualities of the plodding one which though slow in grasping a fact hangs onto it like grim death when it is once tackled.

It is getting about time another revolution was started in Mexico. Don't shove.

"OH, SAY, CAN YOU SEE—"

The Forum of the Press

FATE OF THE NEAR EAST

(Enid Events)
 With the close of the great war it was assumed, as a matter of course, that there would be an end to Turkish power in Europe, and a curbing of its everywhere. Constantinople was, at least, to be internationalized, and so of the Dardanelles. Greece had a mandate in Anatolia, from which her armies have recently been driven in tumultuous rout, and it was generally agreed that Thrace should go to Greece. Now, all of a sudden, the question is, not what Greece shall have, but what the allies would like, but rather what the Turks can be prevented from taking. There is almost no discussion of the situation, in which the hope, if not the belief, is expressed that the Turks will be "moderate," and content to a reasonable compromise.

The hopes of the world for a right settlement soon began to wane. Italy, it was known, was opposed to any extension of the Greek power. France was fearful lest Great Britain should, with the help of the Greeks, and as their friend, make her power paramount in the east. As a result, both Italy and France supported Turkey—did it almost openly. It is even said that France is inclined to oppose the neutralization of the Dardanelles, preferring that the straits be controlled by Turkey, fearing that in time of war—and all Europe seems to be looking for another war—Great Britain's preponderant naval power would insure her supremacy over the Dardanelles. Finally the British government is forced to be cautious in its dealings with the Turks lest in anger and arouse the large Mohammedan population of the empire. So the case stands.

The first and most important question, of course, is whether it is possible for Great Britain and France to reach an agreement, and to stick to it. After all they have been through together it ought to be possible for them to trust each other, or at least to refrain from suspecting, and attributing mean motives to each other. There is a good deal more at stake than British or French interests in the near east—namely the fate of millions of people. Christian civilization in that region, is in the most terrible jeopardy, if not already overthrown. It must frankly be said that the nation which, for any reason materially will forfeit American sympathy and friendship just to the extent that it does so. Perhaps this consideration will not count heavily, since America is far away, and has disclaimed any intention of "interfering" in Europe. Nevertheless, it is not without importance. Finally back of it all looms soviet Russia which proposes to have a hand in the business, especially in any disposition that it may be proposed to make of Constantinople. As a Christian civilization means nothing to the soviet rulers they will find no difficulty in supporting every claim that the Turkish nationalists may make. The situation is as disgraceful as it is menacing.

Blindness is Decreasing

(Kansas City Journal)
 Improved scientific methods of preventing blindness in babies have resulted in a radical decrease in this scourge of babyhood. Exhaustive investigations carried on by the department of commerce, based on the last census, show that blindness from all causes is showing an encouraging decrease and that special progress has been made in preventing blindness in babies. Of the more than 100,000,000 people in continental America only 52,567 were reported by the last census as being blind. This is an appalling number in the aggregate, but proportionally it is smaller than might be expected, when the large foreign population is considered. Questionnaires were sent to each of these 52,567. Answers were received from 40,913, of whom 35,788 gave the cause of blindness.

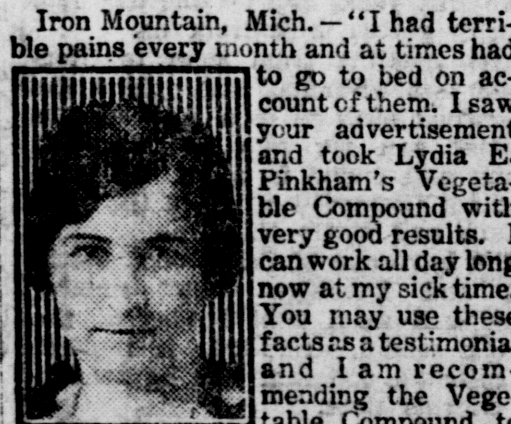

In 13,816 or 38.6 per cent of these 35,788 cases, the blindness was caused by some specific disease of the eye such as cataract or glaucoma; and in 5,632 cases, or 15.7 per cent, it was the result of some general disease such as measles, mumps, or scarlet fever. Accidents accounted for 5,913 cases of 16.5 per cent of the total. There were 1,429 persons in this number whose blindness was caused by explosives or firearms.

Cataract, the leading cause, was reported by 4,896 or 13.7 per cent. Glaucoma was reported by 1,922, or 5.4 per cent. Atrophy of the optic nerve was given as the cause of 1,756, or 4.9 per cent. Ophthalmia neonatorum, or "babies' sore eyes" was reported by 1,198, or 3.3 per cent of the total number reporting. Recent admission to schools for the blind showed that only 14.7 per cent of the new students admitted in 1917-18 were reported as blind from ophthalmia, as against 24.2 per cent of the students then attending who had entered in previous years. This decrease reflects the more general adoption of scientific methods of treatment, and especially the routine use of silver nitrate drops in the eyes of infants.

It is obvious that conditions will improve with the passage of time, for the deplorable percentage of accidents resulting in blindness will undoubtedly decrease, while scientific prevention will accelerate the progress. The saving of babies from the frightful scourge of life-long blindness is a splendid task, to effect, with most encouraging results. There will always be a given toll exacted by accidents and disease, but these will be decreased in common with those from other causes.

PAINS SO BAD WOULD GO TO BED

Two Women Tell How Lydia E. Pinkham's Vegetable Compound Stopped Their Suffering

Iron Mountain, Mich.—"I had terrible pains every month and at times had to go to bed on account of them. I saw your advertisement and took Lydia E. Pinkham's Vegetable Compound with very good results. I can work all day long now at my sick time. You may use these facts as a testimonial and I am recommending the Vegetable Compound to my friends."—Mrs. A. H. CARLAND, 218 E. Brown St., Iron Mountain, Michigan.
 Xenia, Ohio.—"Every month I had such pains in my back and lower part of my abdomen that I could not lie quietly in bed. I suffered for about five years that way and I was not regular either. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women, so I decided to try it. It surely has helped me a lot, as I have no pains now and am regular and feeling fine."—Mrs. MARY DALE, Route 7, Xenia, Ohio.
 Lydia E. Pinkham's Vegetable Compound is a medicine for women's ailments. It is especially adapted to relieve women. If you suffer as did Mrs. Carland or Mrs. Dale, you should give this well-known medicine a thorough trial.

BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words, "Theodor's Black-Draught." NO-141

In 1316 a proclamation was issued in England prohibiting the use of coal, as injurious to health.

Political Announcements

The News is authorized to announce the following as candidates for the offices named, subject to the action of the Democratic primary.

State Offices

County Commissioner, Dist. No. 2: CHARLEY LASEMAN

For County Commissioner, District No. 1: H. CLAY STEPHENS—2nd term

MAYSVILLE S. S. PAYS OFF CHURCH DEBT WITH CROP

The Methodist Sunday school last spring rented 25 acres of land north of town and had it planted to cotton, the intention being for the members of the Sunday school to tend the crop, chop it out and pick it, by volunteer labor, the proceeds of the crop to be applied on the debt on the church building. As usual in such cases, some volunteered and some didn't, some subscribed hired labor to take their places, some donated money and some didn't, and there was more or less delay and neglect of the field in the most critical season of growth, but notwithstanding these handicaps, five bales of cotton already have been gathered and there probably will be one more bale yet to pick. Each bale marketed, after the rent is paid, liquidates about \$80.00 worth of debts, and after all the cotton crop has proven a paying proposition to the church.—Maysville News.

Friday Night Bridge Club
Halloween suggestions and autumn flowers decorated the home of Mrs. L. L. Cummings at 118 West Seventeenth street last night when they entertained the Friday night bridge club. Two delicious courses were served to the following members: Messers and Mesdames Orel Busby, Byron Sledge, Harmon Ebe, A. T. Bogan, Cal Sparks, J. H. Patten, N. B. Haney, and Ben McKinley. Substitutes were Messers and Mesdames T. T. Smith, Harry Schlenberg and Misses Duncan, Givens and Ida Hoover.

Week-End House Party
Rev. and Mrs. J. H. Ball are entertaining with a 6 o'clock dinner in honor of their week-end guests from Oklahoma City who are members of the Oklahoma City chapter A. I. P. E. O. Mrs. Ball being a member of the chapter before her coming to Ada.

Covers will be laid for the following guests: Misses Emma Stranahan, Dell Slaughter, Ruth Hayes, Marjorie Hayes, Loda Hall, Grace Findlay, Katherine Ringland, Corrine Nihart, Jean McKee, Lena Smith and Rev. and Mrs. Ball.

Mesdames Gordon and McKinney Honored
Mrs. J. M. Carter entertained with a one o'clock luncheon Friday at her home 805 East Fourteenth street, honoring her daughter, Mrs. J. M. Gordon and Mrs. J. P. McKinney of Sulphur Springs, Texas. Halloween suggestions were carried out in the decorations and place cards.

Those who enjoyed this lovely occasion were Mrs. F. W. Meadows, Mrs. W. B. Jones, Mrs. A. H. Chapman, Mrs. Claude Logsdon, Mrs. Gordon, Mrs. McKinney and the hostess.

Mrs. Willa H. Chatt is expected

to arrive in Ada Sunday to visit her parents, Mr. and Mrs. B. C. Harbert at 520 East Fourteenth street. Mrs. Chatt's home is at Tekamah, Nebraska, where her husband is county judge.

Hardins Here
Mr. and Mrs. E. W. Hardin are down for a short time from Oklahoma City to visit friends in Ada. Mr. Hardin which is the Democratic nominee for insurance Commissioner, will leave this afternoon, but Mrs. Hardin will remain for several days.

The Hardins made Ada their home for many years and they still have many friends here. Mr. Hardin was one of the early boosters of the city and played a great part in getting it started from a village to a city.

Surprise Party
Twenty-five merry little children gathered at the home of Lady Percy Shaw about 7:30 o'clock last evening from which they went to the home of Mrs. L. H. Green to shower Mary Lois Green with many gifts and well wishes for her twelfth birthday.

The evening was spent in games, music and singing. Delicious refreshments were served.

Mrs. Will Nethery Entertains
A delightful afternoon was spent by the Friday Bridge Club in the home of Mrs. Will Nethery at 609 South Rennie. Delicious refreshments were served to the following members: Mesdames W. H. Ebe, Rodarmel, Chaney, Hale, Bolen, Taylor, King and McKinney. Invited guests were Mesdames Ben McKinley, Harmon Ebe, Laster, Bogan, Miss Dorothy Duncan and Mrs. Murphy of Sherman, Texas.

The intermediates of the Presbyterian church were delightfully entertained with a masquerade party, given by their superintendents, Friday evening at the city hall.

Many interesting games were played and delicious refreshments were served to the following guests: Elizabeth Wimbish, Harrie Lee King, Juanita Ford, Audrey Whitwell, Nena Bullock and Joe Tom McKinley, Ed Gwin, Eugene Ford,

Jack Conn, Clinton Van Curen and Charles Case.

Former Francis Girl Weds
Mr. and Mrs. Jack Frazier of Drumright were week-end visitors in our city. Mrs. Frazier is a recent bride and before her marriage was Miss Sula Norman. She is the pretty and popular daughter of George Norman and wife of this place and her many friends here wish the young couple a happy and prosperous future. They left Tuesday in their car for Drumright, accompanied by the bride's mother who will visit with them a few days.—Francis Herald.

Miss Annie Weaver Jones, a member of the College faculty, has as her week-end guest, Miss Katherine Pittman from Sherman, Texas.

HERE'S FILM THAT MEETS ALL LIKES

What do you look for in a moving picture? Is it romance, is it exceptional strength of character, or of story; is it the star, the supporting cast, or the action? No matter which one, or combination, you enjoy most, your wish will be gratified in "Human Hearts," the universally acclaimed masterpiece which comes to the McSwain theatre on Monday of next week.

House Peters plays the stellar role of "Tom" Logan in this picture. It is a masterpiece of the great stage success of a decade ago. He is supported by Edith Hallor and a notable cast of film celebrities. King Baggot directed the production.

Announcement of the booking of this Universal Jewel masterpiece by Manager McSwain has aroused the greatest interest among local moving picture fans, showing that residents of this city are fully conversant with the great success it has been achieving in the largest cities of the country. From all indications the McSwain theatre will set a new attendance record with this intensely human story of everyday folk.

The Tower of London was for years a palace, a prison, a fortress and court of law.

The chorus class at the high school, under the direction of Miss Inez Donaldson, is planning a course of study for the winter that is highly commendable. Their foundation work has carried them to heights of inspirations and aspirations. This winter at the Christmas season, with the help of the high school orchestra, they will give "The Holy City."

POLICE CHIEF FIRST VICTIM OF STOP ORDER

(By the Associated Press)
PONCA CITY, Oct. 14.—Yesterday Police Chief Sid Dellaplaine gave orders to the force to pick up all offenders on a new ordinance which requires all cars to stop before entering Main street.

Last night Dellaplaine was the first to be arrested in the "drive." He posted a cash bond of \$15 which he forfeited.

Mrs. Mary McFarland Dead

A wire from F. E. Bowman to Mrs. Ivy McMillan this morning brought tidings of the sudden death of Mrs. Mary McFarland, mother of Mrs. Bowman. The funeral and interment will take place at Rogers, Arkansas, the present home of the Bowman family.

Mrs. McFarland was well known in Ada and has many friends here who will regret her departure.

DESTRUCTIVE COTTON FIRE IN MISSISSIPPI

ROSEDALE, Miss., Oct. 14.—Approximately 2,500 bales of long staple cotton stored at the plant of the Rosedale Compress company, were destroyed today by a fire on undetermined origin. The loss is estimated at \$450,000. The damage to the compress was estimated at \$35,000.

EGYPT ITEMS
Old Jack Frost visited us this week.

Cotton picking will soon be over. John Laxton and Holiday Myers were at their brother's, John Myers, Sunday afternoon.

Bessie and Lela Graham and Nora Cantrell took dinner with Thelma Vaden Sunday.

Mr. and Mrs. John Laxton have a new comer at their home, a nice baby girl.

Mary Elen Shive and Lula Cantrell visited Mrs. Ira Myers and Mrs. Stella Myers Sunday.

Holiday Myers' baby has been on the sick list but is better now.

Singing was very well attended Sunday night. There is singing every Sunday night everyone come.

Sid Graham is planning on moving to Parker, Okla., this week, and was storming Sunday by his relatives. R. W. Shive and family, J. W. Graham and family, E. W. Cantrell and family, and O. M. Sapp and family.

Mrs. Emmie Graham is on the sick list and is not improving very much.

Mary Martin took supper with Bessie and Lela Graham Sunday evening.

There is to be a pie supper here the twentieth. Everyone is invited. Come and bring some one with you. The supper is for the purpose of getting song books for the Egypt singing class.

It's toasted. This one extra process gives a delightful quality that can not be duplicated

The average length of the human windpipe is four and one-half inches.

Tigers and High School Win, Cubs Lose in Games Friday

TISH LOSES GAME WITH TIGER CLAN

East Central Men Superior to Aggies Winning 10 to 0 Friday.

(By the Associated Press)
TISHOMINGO, Okla., Oct. 14.—(Special)—It was a poor exhibition of football here Friday afternoon when the Tigers from East Central college invaded the Murray Aggie gridiron and defeated the locals 10 to 0.

The game was full of fumbles, bad playing, inconsistent teamwork and poor decisions. Sideline fans also caused the game to be slow and derived much of the real football spirit from it by their poor sportsmanship.

Visitors played considerably the best brand of football. Not once did the Tishomingo Indians have a good chance of scoring. An intercepted pass in the third quarter advanced the ball to within 20 yards of the visitor's goal, but the Aggies failed to plunge the line for the necessary gains.

The scoring of the visitors was made in the last period. After spending three quarters hovering near the Indians' goal, the visitors started an aerial attack which sent the ball from their own 40-yard line for a touchdown. McCoy was hurling the piskin to every man on his backfield for long gains.

Then Kelly put his big boot in action. After trying a field goal from the 50-yard line which missed by two feet, he sent one from the 45 yard line squarely between the goals for the additional score. He kicked goal following the Tigers touchdown.

Several times fumbles proved costly to the visitors. They could have easily piled up a high score had not the backs fumbled at critical points. Four times the ball lay within five yards of the Aggie goal and each time the Aggies got the ball on a fumble.

Both teams substituted frequently. Many of the visitors as well as the locals were out with injuries. Visitors did not suffer enough injuries to keep any of their players out of next week's games however.

A free-for-all fight occurred in the second quarter in which several of the visiting players and some of the local players and side-line fans participated. Officials stopped the encounter before it had progressed far, however.

Cheadle of Mill Creek and Clack of Tishomingo were officials in the game. Cheadle refereeing.

Tigers gained steadily through the Aggie line and went around the ends for long gains. The Tigers also had the advantage of punting, making much from their returns. Passing was not started until the last period, and no scoring was made until the Tigers got under way with their aerial work.

Open plays with broken field running was the only means by which the Aggies could gain substantially. Several penalties were assessed on both sides.

Coch Thompson said on his return to Ada last night that the game was poorly played and that he hoped his team would get in better form by next Friday when he plays Oklahoma City College. He was not well pleased with the treatment he received at the Aggie school.

His men were in the best of condition, several having not yet recovered from injuries received in the opening game with the Baptist Elsons of Shawnee. He expects most of the injuries to be healed before the Oklahoma City game, however.

Although his squad made enough points to win, and kept its own goal safely out of the reach of the Tishomingo team, he was of the opinion that the Tigers should have made a much larger score.

Resolutions of Condolence.

Whereas Death has again entered our chapter, and this time claimed for its victim, our much loved and respected sister, Viola Cassidy, Therefore, be it resolved by Ada Chapter Number 78, O. E. S. that in the death of Sister Cassidy, we have lost a faithful and inspiring member and that, in this hour of sorrow and bereavement, our hearts go out to her loved ones and that we extend them our sincere sympathy.

Be it further resolved, that a copy of these resolutions be furnished the bereaved family, a copy be spread on our minutes, and a copy be furnished the Ada Evening News for publication.

One by one the links are breaking
All along the Golden Shore.
One by one the silent boatman
Bears their gentle spirits o'er.
Respectfully submitted,
Cora H. McKeel,
Margaret Peay,
Beunas Deaver,

GIANT MASCOT SAYS BUSH AND SHAWKEY'LL GET THEIRS

Master Billie Craig, confident keeper of the Giant bats, with some of the favorite war clubs of his heroes. Insets are Joe Bush, left, and Bob Shawkey.

If you want the real dope on the final outcome of the world's series just ask Billie Craig, mascot of the National league team.

Billie says the classic can end only one way. "When Kelly, Meusel, Young, Frisch and the other boys get through with

those Yankee hurlers Eddie Bennett will run for cover," he says. Eddie is the Yankee mascot. So there you have it.

FRENCH STRIKE IS STRANGE THING: MONEY IS OFTEN SMALLEST ISSUE

(By the Associated Press)
HAVRE, France, Oct. 13.—A strike in France is not necessarily a mere demand for money to an underpaid group of workers. It is at times a collective attempt at self assertion which may take on the double aspect of a political and a social function. And it can be settled without raising the question of wages if the strikers are convinced that they have maintained their position and been recognized as constituting a serious problem for the authorities.

The metal workers of this city went on strike. They wanted an increase in pay and better conditions. There was violence only when the government took over the police function from the Mayor of Havre, and sent in soldiers.

"At last we are being recognized," was the spoken thought of the strikers. "Now let us show the world that we are being recognized." So they started in to harass the city police; the mounted police, and the troops. The baiting took the shape of taunts, jeers and rock throwing. "No civilians can flaunt our power," said the officers in charge of the soldiers. "Our position must be maintained and recognized." So they stood their ground, stood the taunts, while someone sent for the mayor.

For Free Streets

This official hurried to the scene of the encounter. The strikers, voicing their rights as citizens and men to walk through the streets, per-

suaded him to ask the soldiers to retire. "But how can we?" asked the soldiers. "We have our position to maintain. We cannot sacrifice our self respect as officers and servants of the government." The mayor, being a diplomat, finally persuaded the soldiers to withdraw fifty feet, and this made it possible for the strikers to exercise their rights as men and promenade in front of their headquarters.

Set up by their victory, the strikers soon began again to badger the soldiers. This was too much, and after due warning the troops opened fire. The workers answered with pistols. About 100 men, strikers and soldiers were wounded. The blood letting relieved the tenseness of the situation. The workmen had proved themselves worthy of recognition accorded them, and the armed forces had done their duty.

Office is Stage

But the outbreak of violence was duly investigated, and the mayor's reception room was used as a stage to dramatize the situation. To this office came several strike leaders; representatives of the longshoremen's union; the chief of the detective force; military officers; the chief of several members of the national parliament; and a large number of newspaper representatives.

There the "situation" was rehearsed. All hands talked at once. The mayor attempted to reprimand one official for not having carried out instructions to arrest certain strikers. This official wearing a

flowing mustache and side-whiskers of the Dundreary type, had remained without speaking for half an hour. As the mayor began to talk, he raised his hand wearily and protested: "Monsieur le Maire," he said, "you don't understand, I am very tired. An attempt was made to kill me. As well as Messieurs the strikers, I too have my position to maintain."

At the word "position" the mayor stopped recriminations. "Indeed, it is true," he said. "Each of us must maintain his dignity, his position." This closed the proceedings.

There was some talk, a day or so later, on the part of the striker of invading the fashionable watering place of Deauville, close to Havre, but as they felt they had, on the whole, maintained their positions, most of them went back to work without raising the question of wages.

NEW PRESIDENT ELECTED FOR METHODIST UNIVERSITY

(By the Associated Press)
DALLAS, Oct. 13.—John Wynne Barton of Nashville, Tenn., was yesterday elected president of Southern Methodist University by the board of trustees to succeed Dr. H. A. Boaz, who resigned when he was elected bishop of the Methodist church and who is now in China.

Dr. James Kilgore, a member of the S. M. U. theological faculty, was elected temporary president to serve until Barton takes office, some time after June 1.

The kissing of the black stone chief object of a pilgrimage to Mecca has worn the surface of the stone smooth.

CUBS BEATEN BY SEMINOLE

Score is 9 to 0 in Game Featured by Many Fumbles.

SEMINOLE, Okla., Oct. 14.—(Special)—Fumbles cost the football game for the Tiger cubs of East Central college here Friday afternoon. East Central's line smashed through with ease but fortunate plays at opportune times permitted the Seminole high school team to score 9 to 0.

At the opening of the game the Cubs tore down the field and were within eight yards of scoring when a costly fumble gave Seminole the ball. The play put it far into East Central territory.

After battling around for one period, neither team standing together long enough to get in effective work, the locals started an offensive and scored. Their score was the result of several fake plays and long end runs. Most of the game Seminole backs were forced to go around the ends for their gains. East Central's line held well and the weaker line of Seminole was helpless before it.

Tinkle, star back of the cubs, was not in the game. This disorganized the cubs backfield and greatly diminished their chance to win. Bonham was given the greatest responsibility for carrying the ball. Many line plays were made by the cubs in which the Seminole line was shattered.

Coch Robinson made several substitutions. It was not until late in the game, however, that the new backfield could get together enough to start an offensive. In the third period Seminole recovered from a punt and kicked a field goal from the 30-yard line. Several times during the game the cubs threatened to score, but lost their chances on account of fumbles.

Robinson started the game with Ruch at center, Little and Boyce at guards, Morrison and Johnson at tackles, Thompson and Colbert at ends, Meaders at quarter back, Bonham at right half, Kirkpatrick at left half and Riddle at fullback. Substitutions made were: Riddle for Boyce, Floyd for Thompson, Bonham going to fullback, Meaders to right half and Fentem taking quarterback.

Visitors tried little passing since their line plays were carried out successfully. Many of the best gains of Seminole were from passes.

RANCHER'S DEATH BRINGS UP LONG FAMILY HISTORY

(By the Associated Press)
CORPUS CHRISTI, Tex., Oct. 13.—The death in St. Louis of Richard King, 62, member of the famous Texas ranch family of that name, recalls the achievements of the founder of the King estate, Capt. Richard King, father of the deceased, and of the subsequent accomplishments of the captain's widow and son-in-law, Robert K. Kleberg, Mr. Kleberg is a member of The Associated Press, and publisher of the Corpus Christi Caller.

The brands of the Kings, "K" on the hip and a running "W" are known the country over where cowmen congregate. Captain King was a leader in establishing pure bred cattle.

In 1915 the King ranch house, a rambling, commodious structure that was known by cowboy and stranger for miles around for its hospitality, burned to the ground. On its ashes Mrs. King constructed one of the finest equipped and modern homes in Texas.

During the Mexican war, Capt. King freighted along the gulf coast and at its conclusion visioned the great opportunity for stock farming. He obtained a tract of land 50,000 acres in extent between the Nueces and Rio Grande rivers and there stands the now famous King ranch. In those early days there was no market for fresh meat and King slaughtered his cattle for their hide and tallow and fed the offal to swine, which in turn were slaughtered for their lard. The marketable product was freighted to Corpus Christi where it was shipped by boat.

Richard King was born and reared in these surroundings. With the passing of years, Captain King added to his landed estate until at his death in 1885 he was the owner of 500,000 acres of virgin Texas land, stocked with cattle and horses. The management of the vast interests fell to Mrs. King and members of the family. They extended their holdings, and from 500,000 acres the ranch has increased to more than 1,000,000 acres.

The great temple of Caaba in Mecca can be entered by 19 doors.

HOPES TO PRODUCE ANOTHER WINNING TEAM FOR IOWA

Howard Jones, the man who coached the Iowa team that won the Big Ten conference title last year, hopes to repeat this fall.

GRID PROSPECTS FOR O. U. SLUMP IN FIRST GAME

NORMAN, Oct. 12.—(Special)—Sooner football prospects took a decided slump Saturday when the freshman eleven held the varsity to a 7 to 0 score and continually threatened to score on the Sooners while in turn the Sooners never pushed the ball to within striking distance of the yarding goal. The lone score of the regulars came when Schafer, Sooner center, intercepted a forward pass and raced 40 yards to a touchdown.

The one great benefit derived from the game Saturday is that it showed up the raggedness of the Sooners and thereby gives the coaches an opportunity to iron out this roughness this week. But four days of this week are left for scrimmage before the powerful Central State Teacher's college opens the 1922 schedule Saturday.

Central's great game against the strong Oklahoma Aggies squad last Saturday and the poor showing of the Sooners against the freshmen, caused considerable worry in the camp of the Sooners and many predicted that Central will upset the time honored custom of history and defeat the Sooners.

Two veteran Sooners were out of Saturday's game who will be in the line-up against Central. They are Ronald Cullen, veteran of two years at guard, and Clifford Bowles, giant tackle of last season. Both these men have been on the cripple list but were ready for scrimmage Monday.

Monday's practice brought out the fact that the Sooners keenly felt the sting of the poor showing against the freshmen and they were out for revenge. They displayed a terrible brand of fight Monday in the hour of scrimmage against the first year men and proved that they could march down the field over the opposition of the freshmen.

Ben Owen, head coach, has made several shifts in the Sooners since the freshmen game. Noticeable among these changes are the switch of Ruppert from end to halfback. Boatright from tackle to end, Cullen from guard to tackle and Strouvelis from halfback to quarterback.

Although the future is nothing but gloom when considered from a point of repeated victories, the Sooners are a fighting squad and are determined to give the limit in their attempt to bring victories to Oklahoma. Success over the Central eleven will bring to the Sooners that encouragement that will weld them into a greater machine, many believe, while defeat will strengthen their determination to produce a winning squad.

Chola women of South America are stated never to remove a petticoat, clean ones being added as required, some of them are credited with as many as 40 of these garments.

ADA HIGH VICTOR OVER WETUMKA

Score is 18 to 6 When Local Lads Trample Opponents.

WETUMKA, Okla., Oct. 14.—(Special)—A superior knowledge of football made it possible for Ada high school to score an 18 to 6 victory over Wetumka here Friday afternoon. It was a revenge for the Ada boys since the locals took baseball honors from them last spring.

Both teams were about equally matched, passed equally well and both lines held well, but the visitors were superior in the variety of plays and in making the right play work at the right time.

Most of the scoring directly or indirectly the result of forward passes. Wind favored each time. In the first quarter the invaders kicked to Wetumka, recovered the ball after a brief scrimmage, lost it, and then recovered it again. A series of cross bucks and line smashes put the ball in Wetumka territory. A short pass was lifted over the line to Bauer, who carried it 20-yards for the first touchdown.

Wetumka rallied in the second and scored. They opened with a barrage of passes which put the visitors in a dangerous position. Before Cox's squad could get together enough to break up the attack, the Wetumkans had the ball to within striking distance. Then came a long end run, followed by two smashing line plays which scored. Neither team was successful in scoring after a touchdown.

With the game fast and full of stellar line plays, the two squads battled at a dead-lock until the last of the third period. A series of plays which Cox had recently taught his men placed the ball on Wetumka's 15-yard line. Then Potts tossed a pass over to Rayburn, who was standing behind the goal line, for Ada's second touchdown.

Neither team gained an advantage until the last quarter. Potts was given good support and with several fortunate plays crossed the Wetumka line for the last counter. Baker was not booting in his usual form, but he hit the line for substantial gains.

At intervals during the game the Ada line had Wetumka helpless. Many times long gains were made through the line. Only when the homeboys could rally in a pinch, did the visitors find difficulty in making their gains.

Several fumbles were made by both teams. Rayburn of Ada was not in his usual form, and he dropped several good passes. Molloy was showing up better at center and on the defensive was better than for many games. Baker had his heart in the game, as was shown by his stellar plays at critical points.

Potts proved the terror of the Wetumka youngsters. He pounded the line for long and substantial gains and passed with success. Every man on the line was at his best. Nettles and Wright at tackles were stars by breaking through the line many times to break up dangerous plays. Morris and Whitlow were in great form at guards, getting in their best work on the offensive. Morris was out in the last quarter with injuries.

Many chances the invaders had to score were spoiled when off-side fouls were called. Thirteen off-side fouls, for a total of 65-yards in penalties, were assessed against the visitors. The fouls were most costly because they came on plays in which long gains were made.

Daggs of Sapulpa was referee and Blevens of Wetumka was umpire. Substitutions of the visitors were: Beavers for Carr, Whitwell for Morris. Both substitutions were made in the last period.

Wetumka was the first team to score on Ada this season. She contributed the second victory to the East Central town, however. Backfield of the Wetumka squad was fast and did its best work at passing. Short passing work proved the undoing of the visitors and permitted Wetumka to get her only score.

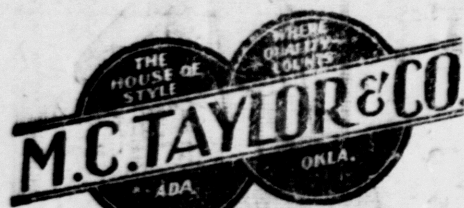

Score by periods:
1 2 3 4
Ada ----- 6 0 6 6—18
Wetumka ----- 0 6 0 0—6

RAILROADS DENIED INCREASED RATE ON TEXAS PRODUCE

WASHINGTON, Oct. 14.—Attempts of railroads to increase rates on butter, eggs and poultry from Texas to northeastern states were declared today by the interstate commerce commission to be unjustifiable and the schedule incorporating the increase which would have gone into effect next November 18, were ordered canceled.

Campaign Opened for all Forms of Equal Rights for Women

(By the Associated Press)

CHICAGO, Oct. 14. —To fire the first gun in the midwestern sector in a campaign "to sweep away all forms of discrimination against women," Miss Anita Pollitzer of Charleston, S. C., secretary of the reorganized National Women's Party, has been organizing an Illinois branch of the party. Preparations will be made for presentation of Illinois, as well as all other states, at a national conference to be held at Washington, November 11-12, to frame a legislative program.

Illinois was selected as the objective of the first mission by national headquarters, because "it was believed that Illinois was in a position to affect the entire west and mid-west," according to Miss Pollitzer.

Constitutional amendments which the organization is seeking to have passed by all states to guarantee equal political, civil and legal rights for women in each case will contain this clause, according to Miss Pollitzer: "This act will not affect laws regulating the affairs of women in industry." This clause was pointed out because the effect of the legislation proposed by the party upon legislation designed to safeguard women in industry has been questioned.

Miss Pollitzer said that the supreme court of the United States has repeatedly sustained special welfare legislation for women even when it was argued that such legislation was in direct violation of the fourteenth amendment to the United States constitution.

The legal "discrimination" which the party is assailing has its roots in the old common law under which a married woman was regarded as a "femme couverte" or "covered woman," whose rights were vested in her husband while he lived. Miss Pollitzer stated, "Though the effect of this tradition from feudal times has been modified in some state by more modern legislation, it survives to a varying degree," she added. "In some states a man can dispose of his wife's inherited property," said Miss Pollitzer. "Laws often give a woman's earnings to her husband, allows him to collect damages for her injuries, and give him the earnings, control and custody of their child. The woman's

party is organizing to fight this condition by changing specific laws and by changing tradition."

The party has organized twenty-five professional councils, including a home-maker's council, Mrs. Minnie Madden Fiske and Miss Mary Shaw head the theatrical council; Miss Zona Gale of Portage, Wis., the novelist, heads the writer's council; Dr. Mary O'Malley, clinical director of St. Elizabeth's hospital, Washington, the physician's council, and Miss Emma Gillett, dean of the Washington College of Law, Washington, the lawyer's council. Fourteen women lawyers are compiling all state laws in the interest of the Woman's Party, Miss Pollitzer said, to ascertain the legal status of women in all the states.

LANSING GIVEN DEATH SENTENCE AT OKMULGEE

(By the Associated Press)

OKMULGEE, Oct. 13. —Ed Lansing, convicted of murder of Police Capt. Homer Spaulding, Thursday afternoon was sentenced to die in the electric chair, by District Judge Mark L. Bozarth after he had told the court that M. E. Spence, one of the policemen who engaged in the gun battle on January 9, had testified falsely against him, and after declaring that Spence shot him while he had his hands in the air.

LET A NEWS WANT AD GET IT FOR YOU

U. S. MINISTER REACHES EGYPT

Greets King Fuad, First Independent Ruler Since Cleopatra.

(By the Associated Press)
CAIRO, Egypt, Sept. 16.—The first diplomatic envoy of the United States to Egypt, coming upon King Fuad, addressed him as the first independent ruler of Egypt in 2000 years. After this formal introduction, the American diplomat went on to say that diplomacy had entered upon a new stage; duplicity and subterfuge are no longer countenanced, he declared; honesty and sincerity have taken their place.

Previous to Egypt's entry into the family of independent nations, while she was under British control, the United States never had a minister on the Nile; Washington was represented by consular officers only. But soon after Egypt became independent a minister plenipotentiary was appointed in the person of Dr. J. Morton Howell.

Dr. Howell met King Fuad at Ras-el-Tin Palace with much formality. He was escorted by a detachment of the royal body guard, and attended by the grand chamberlain. Referring to the new diplomacy the American minister said:

"Your majesty is to be congratulated upon the fact that there have been born new ideas and conceptions of diplomacy within the last decade. The most favored and powerful nations of the world today recognize that diplomacy no longer means duplicity and subterfuge, but that 'yes' means 'yes' and 'no' means 'no.' That which is true of the law governing the rights and practices of one individual towards another, or a collection of individuals towards another collection of individuals must in a very large measure be likewise true of nations in their intercourse one with another.

"If these methods are followed, as I am sure your majesty intends that they be followed, continuous prosperity and contentment will bless your reign, and your majesty will be a lasting benediction to the people of your majesty's kingdom.

"Appropos of these changed ideas in the matter of diplomacy, the words of the chief executive of the United States seem timely. He said: 'Whoever tries to peer through the veil and perceive the issues and events of the future, must be moved to very earnest supplication that sincerity, simplicity, straightforwardness, moral courage and high honour shall be the square and compass, the plummet and level, by which to shape the conduct and the aims of man.'

The king in his reply expressed his pleasure at receiving an American Minister, and assured Dr. Howell of his support and the co-operation of his government in the development of good relations between the two nations.

Junior Christian endeavor at 3:00 p. m.
Intermediate and Senior endeavors at 6:00 p. m.
Everybody is cordially invited to worship with this congregation, and will be welcome at all the services.

FIRST BAPTIST CHURCH TO TAKE EVERY MEMBER CANVASS

The annual Every Member Canvass for local expenses will be taken next Sunday. This has been an annual affair with our church for several years and is one of the most enjoyable days we have. About forty men will do the canvassing and their wives will serve lunch at the church at the close of the morning service. After lunch the teams will meet in the main auditorium of the church and the names of the members of the church will be divided among them and they will go to every resident member of the church during the afternoon. The chairman desires the following named brethren to constitute the canvassing teams and urges them to be present at the service and lunch hour next Sunday:
L. A. Ellison, chairman; J. C. Deaver, J. A. Ridling, J. E. Harris, D. W. Swaffar, J. E. Hickman, B. D. Howard, Belton Brady, J. A. McKellar, W. C. Duncan, T. J. Chambliss, Dr. F. R. Laird, W. S. Kerr, Frank Arnett, L. A. Braly, A. D. Bolton, J. H. Boud, Charlie Bobbitt, L. J. Crowder, R. H.

Eulogy—Mrs. W. B. Duncan.
Solo—I've Done My Work—Bond—Mrs. J. H. Ball.

3:30 P. M.—Regular program. Leader, Mrs. Ray.
Subject: Birmingham.

SUPT. PUBLICITY.

FIRST BAPTIST CHURCH
Our Sunday school meets at 9:45. Mr. J. A. Ridling is general superintendent. There are four hundred intending. There were four hundred thirty-four present last Sunday. This is good but we will not be satisfied until our average goes back to beyond five hundred. Let all the members make plans now to be present next Sunday and bring the whole family.

The Men's Bible class meets at the McSwain Theatre at 9:30. They had seventy-four present last Sunday.

day. This is not one-third the number that ought to be present and they have set their heads to have twice this number present next Sunday. Let the mothers, sisters, and wives co-operate with them by urging the men in your families to be present next Sunday.

The morning worship begins at eleven o'clock. The preacher will preach at that hour and the music will be under the direction of Prof. A. L. Pentem. Following the morning service, lunch will be served at the church by the wives of the Every Member Canvass teams for the teams, and at two o'clock in the afternoon they will start out and canvass every resident member of the church for a pledge to local expenses.

The pastor will preach at the evening hour and the service will begin at 7:30. The service at night will be evangelistic and a call will be made for decisions to Christ. Let all our people pray for our services Sunday.

Clyde Calhoun Morris, Pastor.

B. Y. P. U.'s.
The B. Y. P. U.'s are all taking new life this fall. The attendance was splendid last Sunday at all of them and fine programs were given. They have entered the fall and winter with a renewed enthusiasm and every indication looks like a great year's work.

Senior B. Y. P. U. No. 1 will render the following program next Sunday:

Topic: Consecration.
Leader: Miss Lula Branscome.
Introduction by leader.

1. Consecration is a term often wrongly used.—Miss Thelma Nolen.

2. Two elements in consecration.—Clara Patterson.

3. When we respond to the appeal to consecrate.—Ora Shaw.

4. Consecration for a purpose.—Mary Lancaster.

5. No time limits in consecration.—Myrtle Smith.

6. We must rely on the Holy Spirit.—Burl McKeel.

7. Consecration must be confessed before men.—Viola West.
Song—Miss Cordie Burris.

First Methodist Church.
Sunday school at 9:45. Prof. R. S. Newcomb, Supt.

Preaching at 11 a. m. and 7:30 p. m. by the pastor.

Young peoples missionary society meets at 6:30.

Epworth League at 6:45.
Come out and worship with us.
J. H. BALL, Pastor.

Methodist Sunday School
Names of teachers in the adult department were unintentionally omitted in the list of teachers and officers of the Sunday School in a former issue. Mr. Robert Bradley is teacher of the mens' class, Mrs. W. B. Duncan of the womens' class, and Mr. J. W. Zimmerman of the young married peoples' class. Mr. H. F. Felix teaches a class of youngmen in the senior department.

The assembly singing under the direction of Miss Inez Donaldson is proving very interesting and inspiring. Two hundred new song books have been secured recently and with this added advantage much better singing should result.

Mr. T. K. Treadwell has been secured to teach a class of boys in the intermediate department, and Mr. Arthur Johnson a class of boys in the Junior department. Both these additions were made necessary because of extra classes created on promotion day.

Children's clothes, as well as lace curtains, can be fireproofed in a solution of a pound of ammonia phosphate in a gallon of cold water.

BIG ROBBERY AT NEWCASTLE

Yeggman Raid Postoffice and Take Large Amount of Merchandise

(By the Associated Press)
OKLAHOMA CITY, Oct. 14.—A band of unidentified men, early today broke into the postoffice at Newcastle, 18 miles southwest of here, took several hundred dollars worth of postage stamps, one hundred dollars in cash and then looted the general store of A. Hahn in the same building. They took more than \$1,000 worth of merchandise from the store. The total amount of their booty is estimated at more than \$2,000.

The robbers escaped in two automobiles across the South Canadian river, driving furiously in the general direction of Oklahoma City. No trace of them has yet been found.

"NANOOK OF THE NORTH"

Was First Shown in Frozen Arctic to Eskimos Seen in Pathe Play

When you will see "Nanook of the North" creep upon the mighty and dangerous walrus, spear him, slay him, and Nanook, his wife and tiny children eat him raw, you will be surrounded by the comfort and luxury of the American theatre, where this marvelous, true life story of the barren snowlands will be shown.

But the first time this thrilling episode in the story of "Nanook of the North" was ever projected on a screen and witnessed by an audience was 800 miles north of civilization, on the East coast of Hudson Bay. The theatre was a shed belonging to a fur post. It was about forty feet long. On the walls and rafters hung bear and fox skins to dry; deer horns and dog harness. The odor would nauseate the unaccustomed.

On the rough wooden floor squatted Eskimos—men, women and children. The projection machine was not in a fire-proof booth—it was a portable machine set upon a table. It was run by a gasoline engine. The noise was ear-splitting.

It was the first time the Eskimos had ever seen a motion picture. But it was not the fact that they were witnessing anything so novel as a reproduction of themselves in action that interested them most, as it was the walrus hunt itself. They forgot it wasn't real, and shouted directions and warnings to their pictured selves.

"Nanook of the North" is a Pathe feature picture, photographed in the frozen land of Hudson bay by Robert J. Flaherty, mining engineer and explorer. It is a real and true drama of the life and love of the Eskimo.

A "Wonder Baby" Here
(By the Associated Press)
BERNICE, La., Oct. 14.—North Louisiana boasts a "Wonder Baby."

The nine months old daughter of Mr. and Mrs. W. E. McClung of Bernice, owns thirteen perfectly formed teeth, weight 45 pounds, is 42 inches in height, has long silky hair and physicians claim her physical development is equal to that of a normal three-year-old child.

Physicians interested in the prodigy declare they are at a loss to understand her rapid development inasmuch as she weighed only six pounds at birth.

The child's father is 60 years of age and the mother twenty-five.

Coffins are spoken of but once in the Bible.

If you have never worn a Gossard Corset you will marvel at the artistry that has anticipated your needs with models that seem to have been created for you alone.

BECAUSE of the naturalness of its healthful support, your

G O S S A R D

Front Lacing

C O R S E T

is relieved of all undue strain and so will wear far beyond the life of the average corset. Its original grace and shapeliness will remain unchanged to the last day you put it on. In the economy of this superior wearing service alone these original front lacing corsets are worth their cost.

Permit our experienced and capable corsetiers to solve your corset problem. However unusual your figure may be, however difficult to fit, we will assume full responsibility for your complete satisfaction.

Price \$2 to \$9.50

Gossard Brassieres 50c to \$2.50
